ASCS TODAY

By Tom Conrad

USDA Calls For Comments on 1980 Corn, Sorghum and Soybean Proposals - ASCS has asked the public to comment by Sept. 20 on proposals for the 1980 corn and sorghum programs and the soybean loan rate.

Although the Secretary of Agriculture is not required to make most of the programs determinations for the three commodities before Nov. 15, he has set the Sept. 20 comment deadline so that the programs may be announced earlier than the statutory date if he eterminies it desirable to do so.

Comments are requested for the following determinations for corn and sorghum:

- the amount of the national program acreages;
- the reduction from the previous year's harvested acreage required to guarantee established (target) price protection on the total 1980 planted acreage;
- whether there should be set-aside requirement and, if so, the extent of the set aside;
- whether there should be a land diversion program and, if so, the extent of such diversion and the level of payment;
- if a set-aside or land diversion program is required, whether a limitation should be placed on planted acreage;
- the established (target) prices;
- the loan and purchase levels for 1980 crops of corn, sorghum and soybeans; and
- other related actions such as: Commodity Credit Corporation minimum sales price, commodity eligibility, storage requirements, premiums and discounts and other provisions as may be necessary to carry out the programs.

Flue-Cured Tobacco Information - Warehouse Designations - Growers wishing to redesignate warehouses for tobacco sales can do so during the first redesignation period - July 30 through August 3. Redesignated tobacco will be eligible for price support on August 13.

Marketing Cards - Markets are scheduled to open on August 7 this year. Marketing cards will be issued just prior to this date and the person responsible for the card will need to stop by the ASCS office to pick it up. At the time the card is picked up, we will require the DDT, TDE, toxaphene and Endrin and discount variety tobacco certification.

Fire-Cured Tobacco Reported Acreage - Preliminary reports indicate that 193 producers are growing 426.32 acres of fire-cured tobacco in Appomattox County this year. This compares with 226 producers who grew 539.98 acres in 1978.

Tobacco Reminder - Tobacco marketing regulations prohibit the harvesting of a second crop of tobacco (except burley). A second crop of tobacco is the harvesting from the same plants or different plants from the same acreage in any calendar year. The penalty for second crop harvesting (suckers) is a reduction in allotment for next year by the amount of acreage from which the second crop (suckers) was harvested.

Soil Samples - Farmers in the county are reminded that now now would be a good time to start taking soil samples. The sooner they are taken the sooner your results will be back and this will be to your advantage, especially if you are planning on participating in the Agricultural Conservation Program.

MONEY SAVING TIP: With a little know-how, almost all meat can be made tender. A meat cleaver, or meat hammer does a good job of breaking down tough meat fibers.

In a 50-yard race, a horse would lose out to a cheetah, but over the course of a mile, the horse would win easily.

• • •

The great runner, Jesse Owens, would win races against horses, too, partially, it's said, because he only ran against very spirited animals who would rear at the starter's gun, allowing Owens to get smough of a head start to win a short race.

• • •

A car that keeps on running after others may be out of gas is one with a standard V-8 engine, engineered to deliver higher mileage. The Environmental Protection Agency estimated that Ford LTD's mileage per gallon is higher for 1979 than for last year—an estimated 16 miles per gallon—while this year's highway estimate is 22.

• • •

A winner when it comes to auto racing is the Blue Flame. It runs on a liquid natural gas/hydrogen peroxide-fueled rocket engine and on October 23, 1970, reached a speed of 630 miles per hour.

To clean a blender, fill it part way with hot water and some detergent. Run it for a few seconds; rinse and dry.

HURTSVILLE NEWS

A large crowd attended the Homecoming service held at the Gravel Hill Baptist Church.

Speaker for the morning was Rev. James Miller. The guest speaker for the evening service was Rev. Johnny Booker of Prospect along with the Fellowship choir.

Each speaker delivered an outstanding message which was enjoyed by all.

The pastor Rev. James Miller was the speaker for the week with an inspiring message each night. Two souls were saved during the week.

The Gravel Hill Baptist Church was glad to welcome the members from the city back home to join in and enjoy another homecoming. The names are as follows: Mr. and Mrs. Floyd Saundlin and two nieces, Mr. Giles Walker, Mr. and Mrs. Buster Wooldridge nd Mrs. Elpsie Holmes all of New Jersey along with many visiting friends frm neighboring churches.

We the members and pastor of the Gravel Hill Baptist was so surprised yet very glad when Mrs. Elpsie Holmes added to our rally the sum of $4,000 in helping to build a Fellowship Hall.

Her kindness will always be remembered in the church.

We can't hardly believe what our eyes has seen - the sum of $39,500 in all that Mrs. Holmes has given in helping to beautify and making the church a more comfortable place to worship. May God bless the cheerful giver and may she live a long and happy life. Mrs. Holmes is the sister of- Mrs. Flossie Walker of Pamplin.

The total of the rally and through the week was $1,917.21 plus the $4,000 given by Mrs. Holmes made the total $5,917.21.

Thank you.

Local Teachers Attend Piano Camp

The Radford University Department of Music sponsored a piano camp for pre-college students and teachers July 16 - 20 at Radford University. Martha Turney of Hampden Sydney and Virginia Carnefix of Appomattox participated in the various opportunities offered in music theory, keyboard harmony, technic and performance as well as seminars in music teaching. Lecture recitals held each evening included music from all periods of music history. The performances being done on harpsichard, Mozart Forte-Piano, as well as our Modern Piano-Forte.

Mrs. Turney is a teacher of piano in Hampden-Sydney, a day student at Longwood College and is active performer in Master Classes in piano at Longwood as well as various music activities in the Farmville area.

Mrs. Carnefix is a teacher of piano at Appomattox Music Studio. She is certified members of the National Guild of Piano Teachers and a student of piano with Mrs. Pauline Haga of Longwood College.

YOUR LIFE INSURANCE

Q. I'm the beneficiary of a great-aunt's $60,000 life insurance policy and have been told I have my choice of settlements options. Can you explain them?

A. The most commonly used options are:

(1) Interest Income—The company holds the proceeds and pays you interest for life or for a specified time.

(2) Fixed Amount Benefits—The company holds the money and pays you in equal installments until it's all gone (interest is added to the unpaid balance at guaranteed rates).

(3) Life-Income Option—The proceeds are paid in equal installments during your lifetime (this may include a guaranteed payment period of ten or twenty years). The amount of each installment depends on the age and sex of the person being paid.
